

UPDATES FROM BAPO'S

RESEARCH COMMITTEE

Exciting Research Opportunities for Prosthetists & Orthotists!

Are you passionate about research in prosthetics and orthotics? Whether you're just starting out or a seasoned professional, there are fantastic opportunities to get involved, learn, and lead in research.

Check out these three key opportunities:

DFU-REFORM Network Meetings

Do you work in a diabetic foot team? Want to engage in diabetic foot ulcer research? Join the DFU-REFORM Network meetings for discussions on research funding, ongoing studies, and training opportunities. These online sessions also provide a platform to present your own work and shape future discussions.

 More info: DFU-REFORM Network <https://ctru.leeds.ac.uk/dfu-reform/dfu-reform-network/>

NIHR Developing Research Leaders Programme for AHPs

Are you a prosthetist or orthotist eager to lead research? The NIHR Developing Research Leader (DRL) Programme is designed to help AHPs foster a research culture, support colleagues, and drive impactful health and care improvements within their organisation.

 To find out more visit the NIHR DRL webpage at www.nihr.ac.uk/career_development/research-leaders-courses-and-support/developing-research-leaders-programme-allied-health-professionals

 Register for a webinar: Sign up here: <https://forms.gle/ryTQD16LuBxkX1P96>

NIHR Research Delivery Leadership Qualifications

Interested in stepping into clinical research leadership? The NIHR and Academy of Medical Royal Colleges have created a national Master's level qualification framework tailored for healthcare professionals at all experience levels.

 Join the info session on 12 March 2025, 12:30-2:00 PM

 Learn more: Clinician Researcher Credentials www.clinicianresearchercredentials.co.uk/

Get involved, expand your skills, and shape the future of research in prosthetics and orthotics!
